WORK EXPERIENCE

All Things Barbecue   **Wichita, KS**
Web Developer   *May 2021 - September 2022*
- Set up a local Magento environment through a Linux partition with limited Magento documentation and resources, including configuration and troubleshooting with different Ubuntu, Apache, SQL, PHP, and Composer installations to achieve the desired result.
- Managed site and product configurations and changes daily.
- Customized current website mobile menu to make edits more accessible through dashboard.
- Collaborated with management and colleagues to discern feasibility of architectural and design wireframes.
- Stayed abreast of new approaches in Magento design/development.

Prime Concepts Group   **Wichita, KS**
Web Developer   *October 2020 - May 2021*
- Implemented and maintained client WordPress installations, including configuration and troubleshooting.
- Installed SSL certificates, set up client emails, managed Plesk hosting through Rackspace, managed client DNS records.
- Received and solved an average of 18 client tickets through a "help desk" per week.
- Performed monthly maintenance on 20+ client sites.
- Determined a practical approach to architectural and design mockups.
- Remained current with new features in WordPress.

PredICT Interactive   **Wichita, KS**
Junior Web Developer   *October 2019 - October 2020*
- Utilized HTML, Bootstrap, and JavaScript to create a dynamic product catalog that displayed company products to clients on an internal site to be used by the company's sales team in New York.
- Developed GUI using Angular that allowed the sales team to generate custom trivia widgets.

RaterLabs   **Wichita, KS**
Internet Analyst   *January 2019 - November 2020*
- Analyzed websites to determine if they would be useful or harmful to search engines.
- Evaluated web pages and search queries to determine the likely intent of an individual.
- Acquired excellent research and decision abilities to evaluate many websites and search queries to improve the overall search experience of the targeted demographic.

EDUCATION

Team Treehouse
Front End Web Development Tech Degree   *2019*

Cowley County Community College   **Kansas**
Associates of Business Administration   *2016*

SKILLS & INTERESTS

Skills: HTML, CSS, JavaScript, React, Angular, MySQL, PHP, WordPress, Search Engine Optimization

Interests: I am interested in a career that allows growth and training in the ever-changing world of the web. I am hardworking, reliable, and have a passion for technology. Outside of work, I enjoy working out, digital art, and spending time with my dog, Gus. If you would like a picture of him let me know, he's delightful.
